

HACEL LED PRODUCT

1. WARRANTY TERMS & CONDITIONS

Hacel Lighting Ltd design and manufacture lighting products to a very high standard and as such offer a 5 year warranty (T&C apply) against manufacturing defects commencing from date of sale. The warranty covers all mechanical and electrical components within the Hacel branded LED product with the exception of batteries which are subject to a 1 year warranty.

2. GENERAL WARRANTY CONDITIONS – HACEL LED PRODUCTS ONLY

- 2.1. The Hacel LED product has been installed and maintained where necessary by a suitably qualified electrician in accordance with the relevant IEE regulations and/or specific requirement at time of installation.
- 2.2. The Hacel LED product has been installed in accordance with the relevant installation document provided and adheres to any voltage, thermal, IP, ventilation tolerance recommendations.
- 2.3. Hacel reserve the right to negate any warranty claim if a product has been subject to modification without written Factory approval, opened, tampered with or damaged in any way.
- 2.4. Warranty commences from date of sale and is for a term of up to 5 years (T&C apply) as described in Section 3 and 4.
- 2.5. Repairs, refurbishment or replacement of product or component(s) during the warranty period does not constitute an extension of the warranty beyond the original date of sale agreement.
- 2.6. Warranties are specific to each contract and are not transferable to a third party.
- 2.7. Hacel will not accept liability for any losses, costs or claims, directly or indirectly, that may arise due to manufacturing defects.
- 2.8. All warranty claims made by the client must be emailed to Hacel at cservemail@hacel.co.uk prior to returning for repair, refurbishment or replacement to the defective product or commencement of any remedial action on site.
- 2.9. All warranty claims approved by Hacel will be confirmed via email with details and costs, where applicable, of work or actions to be carried out.
- 2.10. Hacel reserve the right to repair, refurbish or replace any defective product with a product of a similar like for like function and performance if the original product or components that are essential to the manufacture of the product are no longer available.

3. DEFECT OCCURRING YEARS 1 AND 2

During years 1 and 2, Hacer LED Products are covered with a comprehensive 24 month (from date of sale) warranty for any defects that may occur under correct use and installations as described in the General Warranty Conditions. During this period Hacer, at our discretion, reserve the right to repair/refurbish/replace, on site, at our cost, any product defect reported by the client in writing, and agreed by the company that can verifiably be shown to be due to a manufacturing fault.

4. DEFECT OCCURRING YEARS 3 TO 5

During years 3, 4 and 5 (from date of sale) Hacer LED products are covered with a limited liability warranty for any defects that may occur under correct use and installation as described in the General Warranty Conditions. During this period Hacer will repair, on a return to factory basis, at clients cost, any product defect that can verifiably be shown to be due to a manufacturing fault. It is the clients' responsibility to ensure the returned product(s) are adequately packed to ensure safe transit. The repaired product(s) will be returned to the client at Hacer's cost.

5. TIME RELATED PERFORMANCE VARIATIONS

These warranty conditions relate exclusively to issues beyond the normal technical luminous flux reductions that led products experience over their life. Note that technical advances and technology advancements may mean that replacement or additional led modules may exhibit different photometric properties/ colour variance to older units.
