

Infinitas® Nano Direct

Infinitas® Nano by Hacer is a refined LED system. Designed and manufactured in the UK, Infinitas® Nano is sophisticated and minimal in its design. Precision extruded luminaires are available in Suspended, Surface or Recessed formats.

As part of the Infinitas® range, creating continuous lines of uninterrupted uniform lighting, the flexibility of Infinitas® Nano is further enhanced by Direct and Indirect lighting variations and complete illuminated 90° corners are available, offering diversity in architectural lighting design.

Stylish Solo Modules are also available to compliment the continuous system. Solo Modules are supplied complete with End Caps.

- Available in High, Medium or Low Output Modules
- Low Output Modules with Microprism Refractor and Film achieve UGR <19
- Clip in gear trays for ease of installation - 70% quicker than screw in trays
- Plug and socket connections for quick assembly on link systems
- Offering a choice of lumen outputs, delivering up to 12376 lumens
- Efficacies up to 125 lm/W
- Life expectancy of 72,000 hours (L80 B10)
- Corporate colours made to special order
- Suspended luminaires are supplied complete with 2m Wire Suspensions (variable positioning)
- All Modules are available with MicroPrism Refractors or Opal Diffusers, see option codes
- Colour Stability within 3 MacAdams
- Wireless Lighting Control available, see Connected video for full overview
